FALL CONFERENCE ON PROBLEM GAMBLING AND COUNSELING

PRACTICAL APPLICATIONS - EXAMPLES FROM THE FIELD

SHERATON LOUISVILLE RIVERSIDE HOTEL
JEFFERSONVILLE, INDIANA

SEPTEMBER 30-OCTOBER 2, 2009

PRACTICAL APPLICATIONS -- EXAMPLES FROM THE FIELD

BRIEF PROGRAM/COURSE DESCRIPTION

The MidCentral Alliance on Problem Gambling consists of seven state councils on problem gambling affiliated with the National Council on Problem Gambling. The MidCentral Alliance Fall Conference Planning Committee selected qualified presenters on pathological (compulsive) and problem gambling issues -- as well as qualified presenters on counseling issues -- to provide increased knowledge of the impulse control disorder defined in the American Psychiatric Association's *Diagnostic and Statistical Manual of the Mental Disorders*. The theme -- ***Practical Applications--Examples from the Field*** -- embodies the goal to provide proven suggestions for identification and treatment of pathological gambling, including some essential, but general, counseling skills. The methods presented for education, awareness, prevention and treatment will address the spectrum of potential populations that may be affected by the addiction.

The program detailed on the following pages consists of 12.75 hours of classroom lecture and panel presentations augmented by audio-visual aids and participant discussion.

WHO SHOULD ATTEND

The MidCentral Alliance 2009 Fall Conference is an appropriate learning opportunity for any alcohol or substance abuse counselor, social worker, psychologist, psychiatrist, marriage and family therapist, clergy, or anyone in a recognized mental health, behavioral health, medical or counseling discipline. In addition, human resource and employee assistance professionals, as well as the criminal justice community, will benefit from knowledge of the impact pathological gambling may have on the workplace and in legal matters.

MEASURABLE LEARNING OBJECTIVES

Participants will increase basic understanding of problem and pathological gambling and increase their skill sets by exposure to proven education, awareness, prevention and treatment techniques. Qualified professionals currently achieving success using these methods in everyday applications will be the presenters. A post-program participant evaluation will be used to measure whether the MidCentral Alliance 2009 Fall Conference achieved its goals.

MIDCENTRAL ALLIANCE ON PROBLEM GAMBLING FALL CONFERENCE ON PROBLEM GAMBLING AND COUNSELING REGISTRATION

- ☀ \$60 Members of credentialing organizations or sponsoring State Council on Problem/Compulsive Gambling
